

Art and Design

Art is taught as a discrete subject, linked to other subjects through a thematic approach.

Our curriculum for Art and Design aims to ensure that all pupils:

- produce creative work, exploring their ideas and recording their experiences
- become proficient in drawing, painting, sculpture and other art, craft and design techniques
- evaluate and analyse creative works using the language of art, craft and design
- know about great artists, craft makers and designers, and understand the historical and cultural development of their art forms
- develop a sense of personal and cultural identity and the ability to think critically about the subject
